Threshing

Still Suspended

Weather Cold and Uncertain

The weather during the past week has been somewhat dryer than in the former weeks, but on Sunday night there was a fall of about an inch of snow. Since then the weather has been colder, and drying of the stacks has been very slow. Consequently there has been no threshing, and no prospect of a resumption for some days. The September rainfall totalled 5.1 inches, which is stated to be a record for the month.

Only about ten per cent. of the grain in this district has been threshed.

E. J. Garland

Progressive Nominee

At a meeting of delegates to the U.F.A. Bow River Federal Constituency Association in Calgary on Thursday, E. J. Garland was unanimously nominated as U.F.A. candidate. He has been Federal member for Bow River for the past four years.

Mr. Garland will speak in Strathmore on the evening of October 21st, and the details of other meetings are being arranged.

Garland Outlines Position

E. J. Garland, in the course of an address during the afternoon session, outlined to the convention the position he had taken on the question of economy during the four years he had been in Ottawa, such as the vote against the Quebec harbor, the Prince Rupert elevator, the Halifax elevator, the sending of members of the house to Winnipeg, and in other matters.

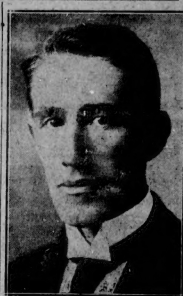

Mr. Garland urged the need of aggressive independent representation from Western Canada if they were to secure lower freight rates. He had said, according to a consistent policy on the question of lower tariffs, and had been entirely opposed to anything that would tend to increase protection. Increased protection, he said, was one of the greatest evils affecting Canada.

Western Farmers Loyal

In referring to the necessity for the amelioration of western agricultural conditions, he said that if Mr. Mackenzie King was really sincere in his expressions and desire for unity, he would have to see to it that it was unity based on justice to the people of the west, and not a unity in which all the sacrifices were made by Western Canada in order to maintain a wealthy manufacturing class in the east.

"There are no people more loyal to the interests of Canada than the western farmer, and given a fair chance he may always be relied upon to stand for the recognition of the greatness of Canada as a nation, both now, and in the future," said Mr. Garland.

Donald Sinclair, of Vulcan, was re-elected president; Mrs. J. C. Buckler, Glenora, first vice-president; and

E. J. Garland
U.F.A. Nominee for Bow River.

W. Miller, of Rockyford, second vice-president.

The following directors were elected for the divisions indicated: Division 1, L. B. Hart, Carleton Place; Division 2, P. H. Denkin, Ardenode; Division 3, Harvey Hansen, Namaka; Division 4, R. W. Pool, Namaka; Division 5, M. Ward, Glenora.

Division 6, W. H. Miller, Carleton Place.

The following day the Board of Directors met and made plans for a vigorous campaign to "Send Garland Back to Ottawa."

E. J. Garland's campaign has now been provisionally announced. He will address meetings at the following points on the dates indicated:

Standard, October 16th; Rosebud, October 17th; Drumheller, October 18th; Rockyford, October 19th; Keoma, October 20th; Strathmore, October 21st; Glenora, October 22nd; Carleton Place, October 23rd; Wayne, October 24th; Betsaker, October 25th.

MORE OIL AT FORT NORMAN

Further proof that oil in hopeful quantities is contained in comparatively shallow shales on structures in the lower Mackenzie River Valley was brought out from Fort Norman by the Imperial Oil Ltd. drill crew. The Fort Norman crew reported that in the well drilled this summer, a short distance from the original Discovery Well, oil estimated in quantity at about 100 barrels per day was struck in a shale at a depth of 1,068 feet.

Standard Notes

Mr. and Mrs. E. A. Wagner and Mr. and Mrs. J. P. Nelson went to Calgary on Wednesday via Bassano to attend the U.F.A. political convention in the city on Thursday. They returned on Friday's train.

Mrs. F. D. Knowlton visited in Saskatoon last week.

Dr. D. A. Fletcher, Mr. Chris Melleson, Mr. Axel Larson were among those who returned from Calgary on Friday.

The roads in this vicinity are very bad owing to several days fall of snow and rain. There are a few cars running, but at the time of going to press nearly everyone had resorted to the old-fashioned wagon, as it is one sure means of transportation in the heavy mud.

The bad weather of the recent week has been so depressing that no one has dared do anything startling—hence the lack of news.

Born to Mr. and Mrs. John Thompson, on September 21, in Gleichen, a son.

Mrs. F. H. Mayhew was a recent visitor at the home of Mr. and Mrs. N. A. Petersen.

Miss Jess Kerpatrick was a visitor to Calgary this week.

Craigantler News

The weather at the time of writing is a little more settled, but the snow is going away very slowly, and it will be, perhaps, Monday before any thorough clearing is done. The potatoes in many places are still in the ground; one or two farmers being lucky enough to get them up.

Mr. and Mrs. W. Langworthy and family left last Saturday for a change of climate. There was a good number at the station to say good bye and good speed.

The ducks have had a good time this season, thousands of them flying around and no one molesting them. Some geese are hovering around, but owing to the bad roads there are no sportsmen.

Mr. D. McPherson, who was farming here some years ago, left Edmonton on the last Friday in September by car, accompanied by Mrs. McPherson. They got as far as Innisfail and had to leave the car, and come on to Calgary by rail. After seeing what the weather was like, and also hearing how it was east of Calgary, they decided to return to Edmonton by the next train. He thought it was something out of the ordinary. Mr. McPherson is to return later when weather permits.

Interest in the forthcoming Federal election is beginning to grow stronger. Some attended the different meetings in Calgary last week.

Miss S. Giesbeck spent the weekend visiting her parents in Calgary.

H. B. Grant is visiting his family in Calgary. H. B. had to make the journey by rail, the first time since the roads opened up last spring.

RUSSIAN FAMILIES SETTLING HERE

Twenty-one Russian families of a good type recently arrived in the High River district south of Calgary with a view to purchasing farm lands in the vicinity of the Bar-U Ranch.

Langdon Notes

P. Stiel, who has been on the sick list, and was in the hospital several days, is able to be around.

Mr. Harold Root, of Shelby, Montana, was a guest at the Lacombe home for a few days.

Mr. and Mrs. Clyde Reese, of Jansen, are visiting friends near Langdon.

All the young people attending school spent the week end at home, returning Sunday via C.P.R.

A series of parties have been given for Mrs. F. Pinter. On Friday, September 25, Mrs. F. M. and Mrs. L. Lewis entertained at Cards; September 26 Mr. and Mrs. C. Craig had a "soir" party, at which Mrs. Pinter won first prize. A Bishop gentleman, first, and Mr. and Mrs. L. Lewis "boobies"; Mrs. H. L. Griffin entertained September 29th in the afternoon, when Mrs. Pinter again won first, and Mrs. L. Anderson "booby"; October 2nd, Mrs. A. Bishop to her house and Mrs. Wishman won first, while Mrs. Lewis got the consolation prize. Mrs. W. Gray entertained a number of ladies at a "tea" on Saturday afternoon, in honor of Mrs. Pinter, who is returning to her home near Chicago, on Wednesday.

Rosier Dye is again confined to his bed with inflammation of rheumatism.

CUT OUT 1920 STANDARDS

"If we could get away from the standards of volume and profit of 1920," said a manufacturer to a representative of The Canadian Drygoods Manufacturers' Association, "we would not think this year's business so bad, but we find it hard to be content with normal years after the fat ones of war times."

The last sentence is enough to make the men who died in France during the "fat ones" turn over in their graves. And yet the manufacturers are crying for more protection.

Sunday—well I got out of taking my bath this time and was a shaking hands with myself because I had had a good day. But she had and she makes me talk it this morning. Then I got some soap in my eyes and grapes the towel to wipe my eyes out. Then later I found out it was just now that with a had layed out on the floor to watch. But I never let on. Probably as never noticed it at all.

Well mister I found my brakes wasn't working so I was hurrying home before I happened to a accident. And we got off on acct. of are presents of mine.

Tuesday—I guess we are in for it. Pa says they ain't gonna be any peace at are house till ma goes bed and gets a Prominent Wave put into her hair.

Wednesday—About the meenest fellow in town is old Mr. Cutler. Blitters told me today that old Cutler's daughter had a birthday yesterday and in a birthday present for her why the old man took her up to the Dr. and had her Addonoids cut out.

Social-Personal School Column

After an eighteen month visit to England and Scotland, Mr. T. Chamberlain is on the way home again, and is expected sometime this month.

Meetings of the Strathmore Choral society are being held each Monday evening in the Memorial Hall, and on Wednesday's as stated last week.

The birth of a son to Mr. and Mrs. D. Hilsenrath took place at their home, not at Strathmore Hospital, as reported two issues ago. The son of Mr. and Mrs. Alf Carlsen was born at the Hospital.

Mr. E. H. Teagle, Calgary division manager of the Imperial Oil Co., with Mr. Strand, visited Strathmore yesterday on a visit of inspection of the school lunch. Mr. Teagle is a relative of the president of the Standard Oil Co.

Mr. R. Fox was here on a visit Monday and Tuesday. Mrs. Fox and daughter are at present in Calgary.

A lady visitor who is a grandmother, Mrs. Archie Fleming, the bridegroom being Mr. Lynch. The wedding was solemnized by Rev. Fr. Dougan on September 21, following which the happy couple left for the States, where they will reside in future.

WORK ON THE NEW HALL

The weather and its effect on the crop has been the chief topic for conversation during the last three weeks, however, the optimists say: "It's an ill wind that blow's nobody good", and so the work at the new hall has been pushed ahead while threatening storms have been at a standstill.

The excavation work has been completed, and the committee report that a good half-day's work by the knights of the shovel would see the last of the concrete.

The new building will be 48 x 24 feet, with a kitchen and vestibule, also a full basement, and if the building committee attain their objective, the floor will be of a nature to delight the hearts of the dancing fraternity.

Much credit is due to Mr. H. C. Best, Mr. A. Miller, Mrs. Ruppe, and the Master of Works, Mr. Fred Wagner, for the manner in which they directed the fatigue parties.

Tudor at present is off the map, but her buildings are now facing the road. Watch her step!

We are all sorry to hear that Mr. and Mrs. Frayne and family are leaving Alberta for the Pacific Coast. Miss Margaret Frayne will be missed by her friends of the Tudor Transients Society, and happily remembered as "Virginia" in "Grumpy."

Since the old hall has been pulled down Church services are being held in the school house, where the Rev. Rogers is delivering an increasing congregation with a series of sermons on "What We Believe."

In the old days we used to get drilled into us "What to believe", and many too to the highways and byways on that account, and although we don't profess to being a plaster saint, we take great pleasure in listening to a gospel of reason delivered courageously and with eloquence.

How's this Tim? An Edinburgh lady was nursing her sick brother. He remarked to her that he was afraid the end was coming. "Well," she said, "I'll be in the next room if ye need me, but if ye think you are going to pass away quickly, be sure ye blow out the candle."

Smilin' Charlie Says

"Wonder what becomes of all the 'New Eras' we're always enterin' into!"

During the first days of each month a report on the progress of each pupil will be sent home with the pupil. This is to be signed by the parent and returned to the teacher. Although there is, as yet, no Parent-Teachers Association in Strathmore, it is hoped that there may be the greatest possible co-operation between parents and teachers to make this year a most successful one for the pupils. Above grade five there is a certain amount of work required to be done at home, and opportunity for quiet study is needed in the evening.

Strathmore school is well represented at Normal School this year, there being three taking the course for a first-class certificate, and two taking the course for a second class certificate of qualification. One of those taking second-class work will be able to qualify for a first-class certificate very easily without further attendance at Normal. She has only three subjects to write off to give her this qualification. The names of those attending Normal are Grace Scherer, Araba Downey, Stephanie Chamberlain, Maude Marcum, and Jack Anglin.

Percy Way, one of last year's graduates from Grade XI, has entered Guelph Agricultural College, and writes harrowing tales of the treatment of freshmen by sophomores. In one case, however, the freshmen were able to defeat the sophomores.

James Thomson, another graduate, is taking Grade XII in the United States, and we feel sure will equal himself well.

Another of our graduates, Eileen Garriott, has entered upon her course of training as a Nurse, in the General Hospital, Calgary.

Dean Tweedie, who also graduated from grade XII is taking grade XII this year. Esther Stockton is also taking some work in grade XII.

Reports to the effect that Mr. Crowther was burned out last week are grossly exaggerated.

It is feared that Sports Day may have to be postponed until next spring, although the physique of all pupils should be at its best in the fall, and better records can be made.

There are 182 in attendance at Strathmore school at the present time. This compares with 182 at this time three years ago, and is higher than at any time between. Of the 182 at school in September, 1922, only 79 are now at Strathmore School.

It is a regrettable feature that the average attendance for September was only 158. Every pupil should be at school every day. Out of the 182 only 50 were present every day during September. Owing to a mistake in transferring records, Thomas Chamberlain was credited with only seven units of his matriculation and Normal Entrance course last August. He has just been informed that he passed in nine units of this course.

The following pupils of Beta Vals school were successful in winning prizes at the Calgary Exhibition: Marion Thompson, 1; Hilda Galpin and Thomas Taylor, 1 each; at the Edmonton Exhibition, the following were successful: Nellie Galpin, 2; May Payne and Milton H. they, 1 each.

The members of the Junior Red Cross at Beta Vals school are in receipt of a beautiful banner, donated by Lieut. Governor Brett, to the school obtaining the largest number of non-supporting members during the year. This banner securing seventy-eight members.

The following pupils of Beta Vals school were successful at the last departmental examinations held last June: Grade X—William McKay, May Taylor (conditionally). Grade VIII—Hilda Galpin.

LADIES' CLUB

If the rods of the weather recited sufficiently, the delayed club events will be played out this week. Notably, the beginners' competition, 9 holes, stroke play, with handicap, for the gold pencil, and the ladies' putting competition for the prize of a solid silver tea spoon, bearing the club crest, both on Saturday afternoon. For this latter competition an entrance fee of 10c will be charged, and it is hoped that every lady member will enter. The final games for the Handicap Cup and Consolation Medal, 18 holes each, should be played by Monday, October 12th inclusive.
